

NORTHEASTERN UNIVERSITY
Department of Mechanical and Industrial Engineering
Faculty Position at Associate or Full Professor Level

NORTHEASTERN UNIVERSITY, BOSTON, MA

The Department of Mechanical and Industrial Engineering invites applications and nominations for a tenured faculty position beginning in September 2010 at the Associate or Full Professor level. Candidates with well established and internationally recognized research programs are sought to expand the department's research efforts. The position is in the general area of *Nanotechnology*, preferably with an emphasis in *Nanomechanics*.

The successful candidate is expected to continue his/her externally funded research programs and to collaborate with our NSF funded *Center for High-rate Nanomanufacturing*. Excellence in teaching in both our undergraduate and graduate programs is also expected. Electronic applications are preferred and should be sent to the email address below. Please include a detailed resume, along with a statement of research and teaching interests. Applications will be reviewed until the position is filled.

Northeastern University is an equal opportunity/affirmative action/Title IX employer. All persons are invited to apply regardless of race, color, gender, national origin, religion, disability, or sexual orientation. Northeastern is the recipient of an ADVANCE grant for promoting diversity and excellence.
