

Jennifer Hardy

Odessa, FL

College of Engineering

Major: BS/MS Mechanical Engineering

Co-ops:

Raytheon, Integrated Defense Systems – Billerica, MA
Business Value and Effectiveness

General Electric, GE Aviation – Lynn, MA
(2007 and 2008)
Rotating Parts Center of Excellence
Engine Systems Design and Integration

Outstanding Co-op Education Award

"...Jennifer was given a variety of tasks during her assignment and has done very well with each one. She is self-motivated and does what it takes to get the job done. Through networking with fellow-co-ops and engineers she has been able to understand what needs to be done without a lot of supervision from me. Her personality will be missed, she is upbeat and helps make the days at GE brighter and happier..."

—Bruce Knowlton, Sub-Section Manager,
General Electric Aviation
