HSyE Co-op Student Adam Perruzzi wins the College of Engineering Ferretti Award

The College of Engineering at Northeastern University annually gives out the Alfred J. Ferretti Award to Mechanical and Industrial Engineering students, in recognition of academic excellence. This year, current HSyE co-op student Adam Perruzzi received this honor.

Adam is currently a second year industrial engineering student enrolled in the BS/MS program at Northeastern. He is completing his first co-op at HSyE, conducting hospital field work and data analysis. He is developing skills in Picis, Meditech, Microsoft Excel, and Python. He has a strong interest in supply chain management.

Adam is very involved on campus as well, participating in the Jazz Band, Wind Ensemble, Concert Band, Pep Band, and Orchestra. He is a member of the Institute of Industrial Engineers and the Institute of Transportation Engineers, and a brother of the Kappa Kappa Psi fraternity. He has also volunteered as a math and science tutor at SquashBusters.
