Tri-Engineers Tournament – Engineer’s Week, Feb 25, 2015

Purpose: A friendly competition between three groups in the Chemical Engineering department: Undergraduate students, Graduate students/Postdocs, and Faculty/Staff.

Scoring: Participants can earn points for their affiliated group by competing in events during Engineer’s Week festivities on Feb, 25th. The events will be the Egg Drop Competition, the Quicksand Fun Run, Trivia, and Karaoke. After each event, scores for individuals or teams among each group will be averaged to determine a group score. To be eligible to earn points, there must be at least 3 participating individuals or teams per group per event. For each event, the 1st place group earns 100 points, the 2nd place group earns 50 points, and the 3rd place group earns 25 points.

Prize: The winning group will have the opportunity to choose a member from each of the other two groups to be pied in the face, and two members from their group to administer the pieing. Voting for piers and piees will take place throughout the day on Feb 25th.
