Welcome Back!

For our new students, welcome to campus and for our returning students, welcome back! I hope you are enjoying a great start to the semester and the beautiful colors of fall!

Allow me to take this opportunity to introduce myself. My name is Matthew Podgurski and I joined the Graduate School of Engineering this fall. I graduated from Northeastern University with an MS in College Student Development and Counseling. I enjoy working with students to help them achieve their academic and professional goals. I look forward to meeting you!
