First Stop: Organize Yourself!
Welcome back for the new semester! The start of each semester can be quite exciting, yet overwhelming at the same time. Explore techniques to begin your path to success for the spring!
Wednesday, January 27 6-7pm, 315 Shillman

Refresh Your Note Taking
How do you take notes during a lecture? Do you find your notes helpful when studying for your exam or quiz? Check out the Cornell method, outline and mapping to assist in further understanding your course material.
Wednesday, February 17 11:45-12:45pm, 315 Shillman

SMART Goal Setting
Do you aim to achieve a specific GPA? Are you interested in a great co-op opportunity? How can you realistically plan short- and long-term goals for your Husky career? Take a dive into creating SMART goals focused on success!
Wednesday, February 17 6-7pm, 315 Shillman

Maximize Your Motivation
Have you noticed there are times during the semester that you have no enthusiasm to study or to focus on assignments? Challenge yourself to overcome those difficulties by sharpening your motivation factors!
Friday, February 19 11:45-12:45pm, 135 Shillman

Active Learning & Study Skills
Using more than one of your five senses while studying, assists in comprehension of information. Actively processing the information will also increase knowledge. Work on strategies to best recall your course material.
Wednesday, March 16 6-7pm, 135 Shillman

Conquer Test Taking & Test Anxiety
You know you studied hard for that test, but the grade wasn’t quite what you were expecting. What happened? Are you feeling defeated by worry or fear when preparing for and taking exams? Overcome your challenges and gain confidence!
Wednesday, April 13 6-7pm, 135 Shillman
