NUpath Requirements through General Electives- NUpath requirements Interpreting Culture (IC) and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements, and if these are not fulfilled in engineering courses, should use General Electives to do so. General Electives are academic, non-remedial, non-repetitive courses.

Science Elective: 1 required (Please see the undergraduate catalog for the list of approved Science Electives)

Civil Engineering Technical Electives (TE): 3 required (Please see the undergraduate catalog for the list of Technical Electives)

Civil Engineering Project Elective: 1 required (Either CIVE4542 Foundation Engineering, CIVE5536 Hydrologic Engineering, or CIVE4554 Highway Engineering)

Capstones (Senior Design Project):

CIVE4765 - Environmental capstone

CIVE4767 - Structural capstone

CIVE4768 - Transportation capstone
