Congratulations on your acceptance to the Chemical Engineering program at Northeastern University!

Please remember to confirm your enrollment at Northeastern. You will not be able to preregister for classes (information below) until you confirm enrollment. You can confirm your enrollment by logging into your application account and paying the enrollment deposit.

An important part of your first term as a Chemical Engineering student is registering for the right classes. The department has included recommendations for your first term classes below. Please register as soon as you are able to ensure you have a spot in the course.

All Chemical Engineering graduate students should register for two of the following core courses offered this Fall:

1. **Chemical Engineering Kinetics, CHME 7340, 4 credits**, Section 1 - CRN: 17628. Meets Mondays, Wednesdays, & Thursdays 1:35 pm-2:40 pm

2. **Chemical Engineering Transport Phenomena, CHME 7350, 4 credits**, Section 1 - CRN: 17629. Meets Tuesdays & Fridays, 1:35 pm – 3:15 pm

3. **Chemical Engineering Thermodynamics, CHME 7330, 4 credits, CRN: 16920. Meets Tuesdays & Thursdays, 6:00 pm-7:40 pm**

4. **Chemical Engineering Math, CHME 7320, 4 credits, CRN 10898. Meets Monday & Wednesday, 6:00 pm-7:40 pm**

All PhD and MS thesis student are required to take Seminar course (for MS Thesis and PhD students).

**Chemical Engineering Seminar (required for all MS Thesis and PhD students), CHME 7390, 0 credits, CRN: 31078**
Meets Wednesday & Fridays, 11:45am – 1:25pm

All student are also invited to take the elective CHME 5101 in place of one core class during their first semester. Students with a background not in chemical engineering are highly encouraged to take this class.

**Advanced Chemical Engineering Analysis, CHME 5101, 4 credits, CRN 16979, Meets Monday & Wednesday 6:00 pm-7:40 pm**

If you wish to take an additional course, you can choose from the available graduate-level electives in Chemical Engineering, as found in the University Schedule: https://wl11gp.neu.edu/udcprod8/NEUCLSS.p_class_select. Select “Fall 2018 Semester” for the term, then “Chemical Engineering” for Subject, then “Graduate” for Course Level.
What if I am interested in the Gordon Engineering Leadership Program?: If you are considering the Gordon Engineering Leadership program, please discuss your interest with your advisor at Orientation. You should still register for the above courses.

What if my course is full?: Don’t panic! Enrollments are always shifting as students get co-ops or change their course registrations. If a seat isn’t available in your preferred classes right away you can join the waitlist. To join a waitlist enter the class CRN (the 5 numbers in parentheses next to the course number above) directly into your registration sheet and hit submit. You will then have an option to select “waitlist” from a drop down menu. The waitlist system will automatically inform you when a seat opens up- just log into your account and accept it within the 24 hour time limit!

What if I am a part time student?: We recommend starting with one core course.

Meeting with your academic advisor: The process for advisors in the CHME department is that research students choose their advisors and non-research students are advised by the Associate Chair for Graduate Studies. If research students have not found an advisor upon their arrival to the University, they will be advised by the Department Chair until they find an advisor. If you would like to register for courses other than those listed above, please discuss this with your academic advisor at that time. If you have any specific questions for the Chemical Engineering Department, please contact the department Graduate Coordinator Sarah Dosier at s.dosier@northeastern.edu. You will be able to easily add or drop courses using the online registration system for the first two weeks of the term.

How do I register for the co-op course?: One of the requirements to becoming eligible to go on co-op is to take ENCP 6100 (CRN 37388), Introduction to Co-Op education. This course will be available in both the Fall and Spring terms.

Will I get a bill from registering?: Yes, your first e-bill is generated when you register for your courses. You will receive an e-bill from the University with instructions on how to pay the e-bill. If you have questions about payment, please contact the Student Financial Services office directly: http://www.northeastern.edu/financialaid/aid/graduate/.

How do I get a MyNEU account?: After you confirm your enrollment, you will be able to utilize your MyNEU portal using this link, http://myneu.neu.edu/cp/home/displaylogin. If you have not set up your MyNEU account, login to your electronic application and look for instructions to do so: https://app.applyyourself.com/AYApplicantLogin/fl_ApplicantConnectLogin.asp?id=neu-grad

How do I register for classes?: Please watch the following webinars for instructions on how to register using your MyNEU account:
♦ Course Search Webinar: http://www.northeastern.edu/Registrar/webinar-search.html
♦ Course Add/Drop Webinar: http://www.northeastern.edu/Registrar/webinar-adddrop.html

For more information about beginning your program at Northeastern University, please read your acceptance letter in full.
We look forward to welcoming you to the Graduate School of Engineering!

Sincerely,

Graduate School of Engineering
Northeastern University
